PSEC Application Ref: Gundry20210603

Dear David,

Thank you for your recent application to the Physical Sciences Ethics Committee for the project entitled "Effect of experimental framing on game data". I am pleased to inform you that the committee has reviewed your application and supporting documents and we approve the research to be conducted on the basis described on the revised application form (copy attached – minor changes were made to reflect the contents of an email conversation re risk assessment).

Please note the committee must be informed of any amendments to the protocol and/or participant information/informed consent prior to the research taking place. Please follow the amendments procedures using the reference above in any correspondence concerning this project in the future.

It is also your responsibility to ensure continuing conformance to the University of York's ethical policy over the life-time of the project.

Yours Sincerely,

Angus McK Marshall
